

LIBRARY AND AUDIO VISUAL DEPARTMENT

**INFORMATION SCIENCE &
TECHNOLOGY**

GRADE 10 - 12

SEMESTER

Students electing this independent study course will learn the basics of information storage and retrieval (both print and not-print formats) as well as systems delivery, and project design and presentation including media center applications. The student will master Internet search techniques, use of on line and CD ROM reference materials and Microsoft Power Point software.

PREREQUISITE: Teacher recommendation and permission of Media Specialist.
