CADET TEACHING AI9081/AI9082 GRADE 11 - 12 FULL YEAR

Cadet teaching is a course designed to give the high school student a practical experience in teaching. It is recommended that the student who takes this course would be planning a career in education or in some related area. The student will aid a sponsoring teacher in one of the Clio Area Schools five days a week. A full year or one semester of credit can be earned. **A minimum 2.5 cumulative grade point average and a superior attendance record is necessary to apply for a cadet teaching position.** A student wishing to be a cadet teacher must have a recommendation from a sponsoring teacher. Cadet teachers are responsible for their own transportation to and from the teaching assignment. **The cadet teaching assignment will only be available during the 6th hour of the school day.**

SKILL CENTER GRADE 11 - 12 FULL YEAR

The Genesee Area Skill Center offers a broad range of vocational programs such as: House Construction, Cosmetology, Small Engine Repair, Robotics and Commercial Foods. See page 16 for a complete list of these three credit courses. Each school in the county is allowed to send a limited number of juniors and seniors to each of the Skill Center's three sessions. Students leave Clio High School at 6:25 a.m., 8:50 a.m. and 11:15 a.m. to attend their individual sessions.

Student should discuss skill center programs with a counselor. Application for the Skill Center should be made in the last half of the student's sophomore year. Students must have completed **11 credits** by the end of their sophomore year to attend Skill Center.

TECHNICAL AIDE PROGRAM

The Technical Aide Program is for students wishing to provide assistance to various educational departments within the school. Individual stations within the Technical Aide program are: Audio-visual department, library, guidance office, attendance office, pool area, and individual teacher assistants. Classroom teachers aides for individual teachers is restricted to seniors only.

Students wishing to enroll in this program must meet the requirements of the department in which they wish to work. Approval of the Department Head must be obtained in writing before placement in this program. It is recommended that the two qualities most necessary to qualify into the Technical Aide program are reliability and dependability.

The student involved in the Technical Aide program may receive up to one unit of service credit.
